

Sustainability Policy

Liz McBurney Photography

03.08.2022

- Where possible i will reuse and recycle props
- Train travel reduces my emissions or cycling
- Hiring equipment locally negates the need to drive or long deliveries
- All food is used or given away locally
- Model food props are used to reduce cost of importing
- Remote shooting offered at a lower rate
- Plastic / Painted background stored and reused or listed on sites such as Set Swap Cycle
- Works with limited crew
- Offers photographic time to charities and environmental causes at cost or reduced fee
- Purchases quality equipment that can be fixed and maintained in the U.K
- Processes files to the size needed by client and sends remotely
- Hires props where possible
- Crew are encouraged to bring own bottles and food is sourced locally in the best possible packaging
- Locations are cleared of all rubbish that is disposed of correctly
